CABLEPROTECT

Prevents accidents caused by trailing cables and leads, eliminating horrific personal injuries and damage to equipment such as computers. Loose cables can be securely contained in the flexible Cableprotect. Our range of Cableprotect products can be used indoors, outdoors and on roads, to protect temporary traffic-light cables etc. Why risk the health and safety of your staff, the public or damage to your equipment.

- Easily installed, simply unroll and cut to the desired length.
- Cables or leads can be pulled through the bore hole, or Cableprotect can be slit at the base with a sharp knife so the cables can be inserted quickly.
- Other sizes available up to 50mm bore hole size.
