

SENTREE® TREE GUARDS

A high quality, extruded plastic tree guard mesh, supplied in roll form. Offers a versatile method for protecting young trees against damage from animals ranging from rabbits to deer. The tree guards are cut to the length required and fixed to a cane or wooden stake using cable ties.

- Manufactured from HDPE
- UV stabilised & rot resistant
- Allows the tree to breathe naturally
- Manufactured in black, brown or green
- Various heights and diameters available
- Can be cut into pieces of the required size

Manufactured on rolls and layflat tubing of various sizes & mesh structures. Can be cut to the required length. It is possible to make guards of any size from our range. Mulch mats, Pegs, Canes & Ties are also available.
